**BE – Computer Science**

2005  
**SSC (PCM)**

2003  
**HSC (Science)**

2009- 2010  
**Trained in Asp .NET,  
C#.NET, SQL Server**

### Experience

2017 - Present

**SRM Techsol Pvt. Ltd. Lucknow (INDIA)**

Working as a Senior Software Developer in STPL.

**Programming Languages:** MVC Core, Microsoft Azure, MVC 5, Entity Framework (Code First) C#.NET SQL 2014 / 2016 / 2018 Framework 4.5., MS Azure Logic App,Fuctions App,API App,ISE,Webjob,Swagger, Postman etc. Worked on various projects like FISOft, Mets, ET, and FS API Integration.

**Project Description: FS API Integration** - CBRE has acquired Facility Source, both of which are facilities management companies servicing their clients' properties for various types of repairs, preventive maintenance etc. type of work orders. CBRE-FS intends to have Facility Source's Service Providers service work orders raised by CBRE clients. Hence there needs to be a communication between the technology platforms of CBRE and FS. The work orders raised by CBRE clients will be able to reflect in FS systems so that FS' SPs can service them just as they did for FS clients. To enable this, an API based Connector/HUB architecture was developed which can enable the transmission of work order information across CBRE and FS.

### Skills

- |                       |                  |                         |
|-----------------------|------------------|-------------------------|
| ✓ .NET                | ✓ ASP.NET        | ✓ Entity Framework Core |
| ✓ C#                  | ✓ MVC            | ✓ SQL Server            |
| ✓ JavaScript/xml/json | ✓ VB.NET         | ✓ TFS                   |
| ✓ Web API (REST/SOAP) | ✓ Swagger        | ✓ MS AZURE              |
| ✓ Postman             | ✓ DevOps (CI/CD) | ✓ MVC Core              |
