## PERSONAL STATEMENT

With over 16 years in software and database development, I possess a versatile skill set encompassing ASP.NET, C#.NET, MVC.NET, and more. My experience includes crafting custom databases, dynamic websites, and diverse mobile apps, catering to native and cross-platform demands. Proficient in web APIs and services (XML, JSON), I've also created insightful dashboards via Power BI and Tableau. In roles from CEO to Developer, I've led impactful projects and collaborations, exemplified by a robust SOX compliance suite deployed at significant firms. My academic background includes an MCA from IGNOU. I'm eager to apply my deep understanding of OLAP, Data Warehousing, and Web Services to drive innovation, performance, and user-centric solutions in the ever-evolving tech landscape.

## WORK EXPERIENCE
