EXPERIENCE

2013–2013 **System Designer / Safety Manager** (Sader Power)
Reference shade analysis of perspective locations for proper solar alignment and aerial photography to manufacture a CAD representation of both residential and commercial locations to include system, electrical, and safety equipment needed to compete projects. Safety manager is responsible for OSHA construction education and compliance for all employees including maintenance and issuance of safety equipment.

2012–2013 **System Installation** (Sader Force)
As part of a three man crew, installers are responsible for translation of CAD system design into actual physical parameters. All crew members are involved in the installation of Sader Power's 4.32kW residential solar system on the customer's southern facing roof slope.

2012–2012 **Coordinator** (15th Judicial District Court)
Coordinator duties include managing an average of 198 court mandated participants from 5 counties through a three year detox and rehabilitation program with the expectation of complete re-integration of graduates into society. A deep understanding of the psychological and physiological effects of drug and alcohol abuse as well as a grasp of state laws and managerial skills are required.

2007–2012 **Production Designer** (Bourne Brothers Printing)
Take print or electronic files and scan or import them into specialized software, making color, text and digital image corrections as needed. Set up printing presses to produce film, plate or electronic proofs. Design and create graphics that meet the specific guidelines of commercial or marketing needs, such as displays, packaging or logo design. Produce visual solutions to the communication needs of clients, using a mix of creative skills and commercial awareness.

2006–2007 **Environmental Designer** (Image Signs and Neon)
Design all illuminated, non-illuminated, and 3-dimensional signage to client specifications. Communicate project parameters to manufacturers and installers. Fabrication of all non-standard signage for special projects. Manufacture all small-scale signage including magnets, license plates, banners, stickers, and direct-apply vehicle graphics.

February–May 2005 **Creative Department Intern** (WXXV Fox 25)
Coordinate project requirements with project director and production crew. Assess needs for department and create all stock animation and imagery needed to complete project.
