Medista M Commerce

October 2015 to Present

Members:Anil Sharma, Mobulous Technologies

When you require medicines, you want them now! But it often happens that you visit several stores before you find the medicines that you need. And it also often happens that your neighborhood Chemist is unable to deliver your medicines just when you need them.

We are transforming the way you buy your medicines. With over 10,000 medicines in stock, showing real-time availability and prices, we are the best place to find your medicines in your neighborhood. And with a guaranteed 60-minute delivery, we are the fastest and the most reliable way to get your medicines. All it takes is just a few taps on your phone.

Medista is a mobile app based hyperlocal e-commerce platform for all your medical, health & wellness needs. With its simple interface, anyone can use it with ease, not just the tech savvy or early adopters. We are replacing your visits to your local Chemists with just a few simple steps.

"I had the pleasure not to only be Anil's client but to also know this gentleman in person. He is indeed one of few people that knowing him and working with him is a start of a longer relationship. He is innovative, smart, dedicated, organized leader. He is running a great team in Mobulous and leading an amazing company in a very competitive market. I wish him all the best and I would proudly recommend him personally and his awesome company for any business related to mobile applications. ##"

— **Mazen AL Arfaj**, was Anil's client

"I can strongly recommend Moboulus if you have an idea of developing new application. I came in contact with Mr Anil and his company Mobulous 2014 and presented my ideas about developing a social app with funny futures . Nothing is impossible when you ask the team iof great developers on Android and iOS that Mobulous have, they have investigated and made all my sometimes crazy idieas come true.l Me Anil is a very service minded person and is always there for you when you need help from the team. The app Mobulous developed for my company: www.lolmess.com Best Regards Mr Hakan Lindgren Director Asierex Holdings LTD Cyprus "

— **Håkan Lindgren**, was Anil's client

"Anil and his team are very detailed and will work tirelessly until any issues if any are fixed. We have been working with Anil over 4 years and are extremely satisfied with him and his team. "

— **Eddie (Bones) Connell**, *Designer, Mapper and Manager, Villages GPS*, was Anil's client

"You made a very nice job for us. It is exactly how we want. We want to work with you again for our new project. Thanks for your work."

— **Berker BEKMAN**, was Anil's client

"Anil has been a very important part in building the MapMyMeet app to where it is today. His problem solving skills and valuable technical input helped us in improving our UX and thereby traction. We are planning more projects with him and consider him our long term tech partner."

— **Gaurav Uppal**, *CEO, Adris Infotech Pvt. Ltd.*, was Anil's client

"We worked with Anil and his team for our app Realtor Today. He is highly organized, goal oriented and hard working person and is always keen to help his clients. Anil and his team is able to work in a fast paced environment. I recommend Anil and his team and would be happy to work with them again."

— **Ashish Garg**, *Business Analyst, Brand Realty Services Ltd.*, was Anil's client

"We have worked with Anil and his Team for our project Vows&Wishes. Its a unique product and was a challenging task. Anil understood the concept and was of tremendous help in making this a reality. His analysis of the problem at hand is unmatched for. He understands the requirements and is always responsive to the issues that we face on a day to day basis. "
