PROFILE

Analysis, design, development, implementation and support of software in the various areas.

EXPERIENCE

Software Developer, Codex Soft — 08/2013

Project: Amplifon Fr 1.2 (SharePoint)
Tasks: Development.
Environment: .NET 4, SharePoint, C# / LINQ, Visual Studio 2012.
People worked with: 2 programmers

Software Developer, System Architect, Ahau Software — 04/2013

Project: Easy Projects To QuickBooks Connector
Tasks: Development, Management.
Environment: .NET 4.5, C# / LINQ, WPF, WCF, DevExpress, MS VS 2012, QuickBooks SDK.
People worked with: 2 programmers

Software Developer, IT Assist Labs — 02/2013- 04/2013

Project: Aladdin Web UI
Tasks: Development, Management.
Environment: .NET 2.0, ASP.NET, Web DevExpress, MS VS 2012.
People worked with: 3 programmers, 1 QA

Software Developer, Codex Soft — 12/2012- 01/2013

Project: Amplifon Fr (SharePoint)
Tasks: Development.
Environment: .NET 4, SharePoint, C# / LINQ, Visual Studio 2012.
People worked with: 2 programmers

Software Developer, Ahau Solutions — 04/2012 - 08/2012

Project: Easy Projects Mobile (web mobile)
Tasks: Development.
Environment: .NET 4, MVC, jQuery Mobile, Visual Studio 2010.
People worked with: 2 programmers

Software Developer, System Architect, Ahau Solutions — 09/2011- 03/2012

Project: MS Outlook Add-in for Easy Projects
Tasks: Development.
Environment: .NET 4, WPF, WCF, Visual Studio 2010, MS Outlook.
People worked with: 2 programmers

Team Lead, System Architect, Logic Software Inc. — 05/2009- 10/2011
Project: EasyProject 6-8
Tasks: Notifications (using Service Broker), HomePage component (MVC Integrated in WebForm), Client templates, LINQ provider, Vyew integration (online meetings), deployment, msbuild scripts, other
Environment: .NET 3.5/C#, Visual Studio 2010, MS SQL 2008, ASP.NET, MVC 2, Service Broker, SQL CLR, Selenium, MSBuild, Telerik, Silverlight, Scrum
People working with: 5 programmers, 4 QA

Software Developer, Some American Oil Company— 01/2009-07/2009
Project: Application to analyze, planning, control oil mining
Tasks: User Controls to analyze and edit geo and drilling data
Environment: .NET 3.5/C#, WinForms
People worked with: 4 programmers, 1 QA
People supervised: 2 programmers.

Team Lead, System Architect, IntWay World Corporation — 04/2008-01/2009
Project: IntWayResponder, IntWayClubs
Tasks: Architecture, finance logic, development.
Environment: .NET 3.5/C#, Visual Studio 2008, MS SQL 2008, MVC, Dynamic Data, WSS 3
People worked with: 4 programmers, 1 QA
People supervised: 2 programmers.

C#/ASP.NET Instructor, BelHard Group — 09/2007-02/2008
Tasks: Instructor for C#/ASP.NET technology.
People consulted: groups with 4-7 students

Team Lead, System Architect, ITWins Software Inc. — 07/2007-04/2008
Projects: IntWayFunds (Investment trusts application), IntWayTop
Tasks: Architecture, finance logic, development.
Environment: .NET 2.0/C#, Visual Studio 2005, MS SQL 2005, IIS
People worked with: 2 programmers, 1 QA
People supervised: 2 programmers.

Software Developer, Logic Software Inc. — 11/2006- 08/2007
Project: EasyProject 5
Tasks: Architecture implementation, permissions logic, workflow, installer.
Environment: .NET 2.0/C#, Visual Studio 2005, MS SQL 2005, IIS
People worked with: 5 programmers, 2 QA

Software Developer, Logic Software Inc. — 07/2006- 01/2007
Project: LittleServices.com (Ecommerce application)
Tasks: Development.
Environment: .NET 2.0/C#, Visual Studio 2005, MS SQL 2005, IIS, MS Reporting

Software Developer, Logic Software Inc. — 03/2006- 07/2006
Project: NexGen.NET (BackOffice client for Bahamas' lottery system)
Tasks: General architecture, business logic, development.
Environment: .NET 2.0/C#, Visual Studio 2005, MS SQL 2000, Infragistic, Olero ORM.NET

EDUCATION

Belorussian State Technical University, faculty of informatics and robotics — 2001-2007

OTHER EXPERIENCE

Ahau Software, head
People: 2 peoples

CERTIFICATION

SKILLS

Languages:
- C#/.NET
- VB.NET

Technologies and products:
- *MVC2, Dynamic Data, Client templates*
- *COM*
- *LogiXML Reporting*
- *LINQ providers*
- MS Application Blocks.
- *Silverlight*
- *WCF, SOAP*

Database Management:
- MS SQL Server
- MS SQL Server CE, Sync services
- SQL CLR
- SQL Service Broker, Event Notifications
- VS SQL Deployment

Collaboration Systems:
- Windows SharePoint Services v3,
- Office SharePoint Server
- EasyProjects

Continuous Integration Tools:
- Cruise Control .NET,
- MS Build
- nAnt.
- TFS

Other Development Tools:
- Telerik [MVC, AJAX, Silverlight]
- DevExpress Controls

Other applications:

- MS Project
- Payment gateways (PSiGate, MyVirtualMerchant, FastSpring)
- PayPal
- BVCommerce

Languages:
- Belorussian   native,
- English   intermediate
