Designer & Founder of Savoir Studio

A CREATIVE PARTNERSHIP TO BUILD BETTER BRANDS AND PRODUCT.

We design great product for any size organization, from boutique firms to larger corporations, offering our expertise from concept to production. For more than a decade, through a creative partnership with our clients, we have given them the tools to create and build great brands.
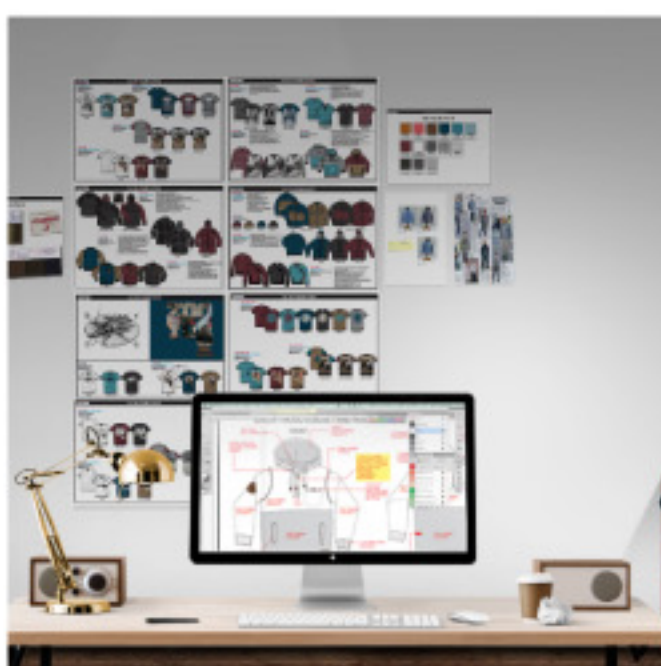

I discovered the exciting world of graffiti writing in the mid- eighties, the early years of European Street Art. The many murals I have painted, and the great people I have met along the way, helped me strengthen my creative skills, and led me to a successful career in the Design and Fashion Industry. Since I have founded the Savoir Studio, we have had the opportunity to collaborate with great brands such as Mephisto, Ecko Unltd, Zoo York, Avirex, Ed Hardy, Scott USA and others. We have offered our wide array of services to many clients, in fields as diverse as footwear design, fashion design, product design, advertising, branding or interior design. In 2015, have relocated our Headquarters to Miami, Florida, to be closer to our customers and serve them better.
