09 PROJECTS

Mar 2022 — May 2023
Imphal

Kangla Gas Solutions

Project: **Online Presence & CRM Solutions**

- **Website Design**: Created a visually appealing website showcasing company products.
- **Customer Platform**: Designed a platform for customers, agents, dealers, and distributors to order cooking gas cylinders and refills.
- **Franchise Enrollment**: Provided a system for agent and dealer franchise enrollment.

Tasks Accomplished:

- **Landing Page Redesign**: Revamped the landing page to highlight product details and benefits, focusing on customer trust and network expansion.
- **Product Graphics Enhancement**: Improved product images for enhanced customer appeal.
- **CRM Platform**: Developed a CRM platform for agents, dealers, and distributors to streamline their supply chain operations.
- **Enrollment & Ordering**: Implemented a system for new agent, dealer, and distributor enrollment and orders.

Skills Utilized:

- **Logical Thinking**: Established a unified CRM platform for agents, dealers, and distributors.
- **Graphic Design**: Enhanced product aesthetics for customer engagement.

- **Network Expansion**: Utilized responsive data tables to extend the network.
- **UX/UI Design**: Created a user-friendly interface.
- **Web Development**: Utilized custom HTML, CSS, JavaScript, and coding.

Support team Shanti

Project Name: Support Team Shanti - Politician Website **Website Link-**: https://www.supportteamshanti.com **Duration**: November 2020 to May 2023

Project Type:

- Established an online presence on various social media platforms.
- Organized and consolidated content on a website.
- Maintained social sites to engage with the public, showcasing the politician's work.

Accomplishments:

- **Video Enhancement**: Transformed plain videos into engaging content and published them on YouTube, Facebook, Twitter, and Instagram.
- **Social Media Campaign**: Executed a video campaign across multiple social media platforms to engage with the local public.
- **Website Development**: Created a website that acts as a central hub, linking social media posts, YouTube content, and Twitter handles.

This project aimed to provide a comprehensive and well-organized platform for the politician to connect with the public, document their work from 2015 to 2023, and effectively communicate their message through various digital channels.

Bottrel Media

During my contract at Brottrel Media, I contributed to several projects, including:

- **Branding Logo Design**: Designed logos to establish and enhance brand identities.
- **Ad Banner Creation**: Created eye-catching and effective advertising banners for promotional campaigns.
- **Landing Page Development**: Constructed landing pages to facilitate marketing efforts for the Australian market.
- **Market Targeting**: Focused on markets such as taxpaying companies and small waste and clean management systems.
- **E-commerce Enhancement**: Improved and optimized e-commerce platforms.

My skills in graphic design, web development, and market targeting were key in successfully executing these projects and meeting client objectives.

ID Cube UX UI design Revamps and complete software services revamping

UX/UI Design Services for IDcube's Comprehensive Solution:

I provided UX/UI design services to IDcube for the creation of a new user experience and user interface environment across various platforms:

1. **Mobile App**: Designed the user interface for the mobile application, ensuring a seamless and intuitive user experience.

2. **Software for Desktop**: Created a user-friendly interface for desktop software, optimizing usability.
3. **Kiosk Device**: Designed the UI for kiosk devices, focusing on user accessibility and interaction.
4. **Backend Solution**: Developed a cohesive and user-friendly backend system for visitor and attendance management.

Skills Utilized:

- **User-Centered Design**: Ensured designs were tailored to meet the needs and preferences of end-users.
- **UI Prototyping**: Built prototypes to visualize design concepts and gather feedback.
- **Responsive Design**: Adapted designs to various screen sizes and resolutions.
- **Usability Testing**: Conducted tests to refine and enhance the user experience.
- **Visual Design**: Created aesthetically pleasing and on-brand interfaces.
- **Cross-Platform Consistency**: Maintained a consistent look and feel across different devices and platforms.

The projects were executed in a manner that met deadlines, ensuring the deliverables were ready for exhibition in Dubai. This involved effective project management, close collaboration with the development team, and a keen attention to detail in the design and development processes.
