iC⬤MPLIANCE™

Solutions India Pvt. Ltd.

About

→ VISION

To become a Technical Service Provider of choice from Clients, and keeping the growth and progress of our people.

→ TARGET MARKETS

There are two major target markets that iCompliance Solutions India Pvt Ltd. operates in:

1. Companies that are in the business of providing software and Internet solutions to the end clients:
We offer our skills and experience by providing software development services to expand the scope they offer.

2. End users of software products and web applications:
We offer custom build, modernise software, and web solution to correspond with the current requirements of their business or suit their particular needs.

Why ICS

➡ WHY iCOMPLIANCE SOLUTIONS ?

The 6 reasons below sets us apart from other companies:

1. Value: Our clients benefit significantly from utilising the professional skills and experience of our highly skilled development team to obtain the highest quality end results.

2. Predictable quality of the results: Each project, no matter whether it is small or big, we regard as an opportunity to showcase the high level of expertise and professionalism that we possess.

3. Advanced analytical skills: The analysts are highly experienced, which takes into account the client's business goals, technical settings, expected frequency of updates and more.

4. Efficient development process organisation: We have outstanding efficiency in organising the development process, we manage to evade unforeseen overhead expenses and the benefit our clients in a form of cost efficiency of their projects and obtain the results within the most optimal timeframe.

WHY ICS

5. Web: We create web applications using the most latest and up-to date technologies and development principles.

6. ICS provides a comprehensive range of offshore web and software development outsourcing services in:

Software Development and Integration for various platforms including:
    GUI Applications
    Programs for Pocket PCs, Wireless and Mobile Devices
    Contract Programming

CLIENTS

Working for our clients success and making sure they obtain tangible benefits from cooperating with ICS are the goals we endeavour to achieve first and foremost. When working with us our clients expect to be dealt with professionally, responsibly and constructively and our team works as one to make sure these expectations are always met or, better still, exceeded.

We have managed to attract clients from all over the world, including the USA, United Kingdom and more. The references that our clients provided us with, support our claim that we are fully capable of delivering top-quality end results while complying with the strictest business standards and ensuring seamless and efficient communication process.

Listen to our customers

Here is what some of our clients had to say:

The ICS staff expertise is high. They are knowledgeable and skillful in a variety of technical areas and always willing to offer friendly advice. They have always interpreted our instructions correctly and the language barrier has never been problem since they speak excellent English. We are particularly pleased with the speed in which they accomplish task
