DIPESH GANDHI

SOFTWARE DEVELOPER

I have been working with web development since 2011, the period during which I have worked in different environments, from big consultancy companies to start-ups. I am a selfmotivated and self-taught professional who likes to solve problems.
- Highly trained individual knowledgeable in web development technologies and considered a talented leader.
- Strong leadership, communication and collaboration skills with a track record of taking solution ownership
- Demonstrative Scrum Master with background communicating effectively with and leading high-performance teams.
- Considered an expert in prioritizing tasks and optimizing workflows.
- An excellent communicator with the ability to meet deadlines and quickly resolve issues.
- Adept at working effectively to achieve goals both as a cross-functional team member and individual contributor.
- Seeking the opportunity to provide outstanding, clean code in a collaborative environment.
