

Hello,

Greetings from Team TeksMobile!

We would like to inform you that we would be happy to take up the responsibilities as specified in your **job posting**. We are operating as **specialists in mobile app development services for over 10 years**, and have happy clients from all over the world. Since our inception in 2006, **we have built over 1000 apps**. On average, **80% of our apps are featured** at Apple Store / Google Play Store.

With our strong and prolonged global industry presence, and complete familiarity with all the latest skills and tools (***as mentioned in the Company CV attached herewith***) - we believe that ***we will be the best fit for your requirements***. Kindly let us know how we can proceed on this.

We can provide you **permanent / contractual resources**, from our team, who will be working at your office premises

We are industry-certified Mobile App & API specialists, committed to assure high-quality services, timely delivery, and customer satisfaction.

We understand that you are probably looking for an individual developer for your project. In this context, allow us to explain the advantages of hiring a corporate house like TeksMobile, vis-a-vis recruiting an individual developer:

Individual Developer	TeksMobile
Has specialized knowledge in single field	Has comprehensive knowledge on app development, API development/management/optimization, 2D/3D game development, IoT, Web services and even Cloud Employee schemes.
Limited references. Authenticity can be suspect.	Vast range of past projects that can be used as references. We would be happy to provide you with select client details as well.
Generally makes one type of apps	Successful track record of making apps belonging to various genres - right from lifestyle and business apps, to educational apps/games, navigation tools and fitness apps.

Limited reach	Available 24x7 across 18 time-zones
Absenteeism. Can leave midway through a project.	No such risks. As a company, we are committed to transform your ideas to workable mobile applications. You can track the progress on your project right through.
Quality can be an issue	Our work-standards have been appreciated by 400+ international customers.
Probable data confidentiality breaches.	Ready to sign non-disclosure agreements/non-competing agreements - as requested by client.
Higher charges	Most competitive hourly rates in the industry.

We are looking for an opportunity to work for you and add value to your project.
