Our Team

Samuel Kamau Thuo

Director and Project Manager

Mr. Samuel Kamau is well trained in building and construction as a quantity surveyor . He masses a great wealth of experience from working with different building contractors and a firm of Quantity Surveyors and Environmental Consultants as an Assistant Consultant Quantity Surveyor.

In his position he has seen many projects achieve a successful completion and practical use.

Consultant team

1. Architect Charles Gacheru (A104)

As a registered Architect with BORAQS and a member of Architectural Association of Kenya, AAK. Arch Gacheru brings a great wealth of knowledge to the company in certifying all architectural works as well as supervising the implementation of the project designs.

He has done great designs and plans for both the government and private clients. He has achieved great designs that fully comply with the building order and regulations as well as achieving beauty and aesthetics

Q.s Joseph K Njoroge(Q258)

Mr. Njoroge is a registered Quantity Surveyor with the Board of Registered Architects and Quantity Surveyor (BORAQS). He brings a great wealth in project cost advice where he has experience of more than 10 years as a quantity surveyor. He has acted as the project Quantity Surveyor in most projects, from government ,private sector and private clients . He has handled projects worth millions of shillings and seen them to completion with less variation or none at all.

Nema Lead Expert (8576)

Miss Mercy Wagaki Wambugu

Following the Nema regulations and Environmental management and Coordination act, EMCA 1999, every project which might affect the environment during and after construction needs to have an Environmental Impact Assessment Report and license.

Its to this concern we engage an expert on the same whose experience is of more than 10 years in the field of environmental Consultancy, Miss Mercy has supervised many projects in assessing environmental issues and offered proper mitigation measures.
