## Project Description :

### 1. Android(java) :

- Responsibilities include requirement analysis, designing, programming, deploying android applications and client Communications.
- 1. Pinupp:-** PinUpp is an innovative profile generating app that can help you create a smart cool profile using info-graphics in a matter of minutes.  
Have you written a 2+ page resume and still felt that it doesn't quite reflect everything about you and is just not attractive enough?  
A PinUpp can change all of that. With the PinUpp app you can create multiple smart cool profiles each reflecting something you are good at and the best part is the result is an attractive info-graphic profile that is generated in a matter of minutes.
  - 2. Right On Course:-** Right On Course Map App is unique in the fact that any Boundary (Map) can be created & then sent to either an iPhone or Android phone via email or SMS. Once the recipient receives this on their phone they simply press "Start" & the App starts tracking their journey inside the boundary. Once the recipient completes the job they simply press "Complete" & the information is sent back to the Clients database. The uniqueness of this App is further found in the fact that you are able to see at a glance if that whole area has been completed successfully or not or if some of the houses or streets have been missed?  
Right On Course Map App can be used or adapted to any industry that requires a mobile tracking system to send to their Employees or Contractors to deliver a service within a set Area or Boundary to any Home or Business anywhere in the world.
  - 3. FoodOnSeats :-** "Food On Seats".(Order from your seat via "Food On Seats" app ,Get delivery on Your Seats)  
"Food On Seats" Service is only for theatres, we serve those theatres who signed up with "FOOD ON SEATS".  
We present you The app for food ordering while watching the movie. No pre-booking of your food in theatres. Order your food while watching movies get on delivery of your food on your seat. No ticket booking required from our app. Just select your favorite food from the menu and select your seats and food will be on your seat soon.
  - 4. ZippyCom :-** ZippyCom offers the fastest, most reliable, safe and affordable method to bring skilled service to you – anywhere in the world! Our network of independent contractors set their own prices, keeping costs low. Simply select your preferred service, check the map to see which providers are working nearby, and select based on price and reviews. All payments are made securely through PayPal. Available in Arabic, Chinese, English, French, German, Portuguese, and Spanish.
