Shahrzad Razi

OBJECTIVE:

To help client design, visualize and market their future home or business with the latest visualization technology.

SKILLS:

revit + dynamo // modeling // construction documents
rhino + grasshopper // design + animation
maya // modeling + animation
cinema 4d // modeling + animation
processing // coding + designing
adobe suite // indesign // photoshop
                // illustrator // after effects
lumion // rendering + virtual reality
keyshot // rendering + animation
flow design // wind load analysis
123d make
123d catch
unity + oculus // modeling + animation
meshmixer // 3d printing
sketchup
autocad
microsoft office suite

EDUCATION:

UNIVERSITY OF CALIFORNIA, LOS ANGELES // MArchII (2015-2016)

// architectural singularity:
architecture in virtual reality
// animated fibers: acma competition / 1st prize:
full scale glass fiber facade panels
// mock-up machine:
full scale automated shading units

CALIFORNIA POLYTECHNIC UNIVERSITY, POMONA // BARCH (2008-2013)

// architectural design exploring
the works of eduardo soto de moura//
kazuyo sejima// rem koolhaas // alvaro siza
// aias :
american institute of architectural students representative
freedom by design representative

NORTHERN CHINA SCHOOL OF TECHNOLOGY (Study abroad // 2010-2011)

// chinese architecture
// landscape architecture
// urban design
// photography

EXPERIENCE:

Phantasy Studio // Co-Founder (August 2016- Current)
Specializing in Visualization : Virtual Reality // Augmented Reality & Photorealistic Renderings
