About Us

3dAfrika is awesome. Because of the contribution of the numerous entities that have worked with us.

3dAfrika Media is the home of award winning, high quality media productions and latest broadcast technology.

We specialize in 3d Animation and Motion Graphics, Film, Television Programming, Documentaries and Commercials. Our key strengths are in concept development, creative design and production, broadcast technical services and training.

Our fresh and goal oriented approach won us a Kalasha award for Best local language film in 2015. We have also been recognized for Best Edit, Soundtrack and Cinematography at the Riverwood Awards 2016.

Teams are led by experienced heads with a combined 25 years' experience in Media production and technologies.

We recognize that our clients bottom-line is ours too, that is why our approach is cost effective and malleable to existing circumstance while aiming to maintain high standards.

Key Staff:

Albert Omwenga – Cinematographer, Award winning director, story teller. 0725939983

Josephat Nyakundi – Graphics, animation and workflow specialist. Technical services and trainer of trainers. 0765248004.

Services

- Web Design: HTML/XHTML, CSS, jQuery. Full knowledge of W3C web standards. Photoshop. WordPress and Easysite CMS.
- Web Development: General working knowledge of PHP, MySQL, Apache.
- SEO and Information Architecture: Knowledge and experience in building content rich websites that are optimised for users and search engines.
- Accessibility and Usability: I create accessible websites. 50 Per cent of building a good website is making sure all customers can easily access all information and products on the website. Accessibility should never compromise website design.
- Print Design: Illustrator, InDesign. I have experience in a wide range of print mediums.
