💼 EXPERIENCE

● February, 2018 - present (2 months)

Software engineer, iOS development @ Minimal Bits, Cluj-Napoca, Romania

I started to work at my own company doing freelance work and also working on personal apps.

● February, 2017 - January, 2018 (11 months)

iOS Developer @ Cubic Softlab, Cluj-Napoca, Romania

I've been responsible for estimating the work, developing and publishing the apps to the appstore.

● December, 2015 - February, 2017 (1 year 2 months)

iOS Developer @ Softvision, Cluj-Napoca, Romania

● September, 2015 - December, 2015 (3 months)

iOS Developer @ Tapptitude, Cluj-Napoca, Romania

● June, 2014 - September, 2015 (1 year 3 months)

Software Developer @ Salzburg Software Applications, Salzburg, Austria

During this period I've worked occasionally with and for my brother, I've helped him running a small software company. I got familiar with Objective-C and iOS SDK. I've learned some ruby, ruby on rails and a bit of android development.
I've also worked on some iOS projects, mainly bug fixes and changes that were needed.
