NITHIN BABU

(Front-end web developer)

As front-end developer & Designer my aim is to create incredible visual elements that users can see and interact with web Application. I am an expert in HTML5/CSS3, JavaScript, AJAX, jQuery, AngularJS, Framework7, Ionic Framework, Bootstrap 3 & 4 Skeleton, Word press, PHP, Illustrator, and Photoshop. My experience in creating logical and innovative solutions to complex precise in everything and I have a keen interest in technology, mobile applications, and user experience. Based on my 3.5 years of experience I become a natural problem solver and have proven myself by successfully completing projects for IT consultants, software house, Digital agencies, and various IT departments. Now my aim is to secure the position of senior front end developer with Corentive Digital Solutions and hope to share my skills, expertise and experience with my team and the most valuable clients. I presented many web-site mock-ups to clients to give them better visual of the end product and to ensure that all parameters were met. We the team Corentive works well with experienced designers, developers, QA, and great management we ensure the quality of product we given to our clients. We look for keen details to ensure the best output.
