

Andrew Bezpiatko

**FRONT-END DEVELOPER
& UX DESIGNER**

“ As a designer/developer with 7+ years of experience, I’m constantly looking to collaborate with innovative minds to push boundaries and build beautiful, functional, and most importantly, effective websites and web applications.

From conception to deployment I offer a wide range of skills in building content for the ever-evolving web. I am passionate about my craft and diligent in my executions because I want to be proud of the work I do.”
