## SENIOR IOS ENGINEER

With over 6 years of experience building high-performance pixel-perfect mobile apps. I have learned that the most important thing is the user's experiences. I obsessively focus on ensuring user experiences smooth transitions, consistent interaction, and fast load times.

I have end-to-end experience in the product lifecycle: planning, design, coding, deploying, and iteration/customer support. I am the type of developer that can roll up my sleeves, and figure out creative problem-solving for challenges. I focus on results.

---

## PROFESSIONAL EXPERIENCE

### **WL Well VHS, United States**

**April 2021 - Present**

#### **iOS Engineer**

WL WELL VHS is a Video Telehealth platform created to provide non-emergency urgent care and mental health counseling services across the United States.

WL WELL VHS makes getting in touch with a Board Certified Doctor or Advanced Practice Registered Nurse (Provider) easy. Simply open WL WELL anywhere (from any state and the District of Columbia) using your smartphone or tablet device. An associated Healthcare Provider is ready to connect with you to address you or your family's urgent care needs. Easily get your prescriptions sent to your favorite pharmacy, or to you so you can shop for the best prices or generics.
