SUMMARY

I have been working with web development since 2013, the period during which I have worked in different environments, from big companies to start-ups. I am a self-motivated and self-taught professional who likes to solve problems.

I merge a passion for usability and user experience with technical knowledge to create cool digital experiences. My repertoire includes programming languages and tools such as JavaScript, NodeJS, Angular, ReactJS, Vue.js, Express.js, EmberJS, PHP, Laravel, CodeIgniter, Shopify, Magento, Python, ASP.NET, C#, MVC, SASS, Redis, MySQL, MongoDB, PostgreSQL, Nginx and Apache server configuration, AWS, Lambda, Gulp, LESS, Bootstrap, jQuery, Ionic, and more.

EXPERIENCE

Full Stack Developer

Debugged Pro

10/2017 - currently working here

Debugged Pro is an IT based agency and offers High-tech Solutions to Enterprises, Startups, and Small Businesses. My job here is to work inside our client to develop great solutions for various industries. I'm responsible basically for all the aspects of the team, development, design, server configuration, deployment, etc.

- ❑ Full stack development
- ❑ User Experience and User Interface design
- ❑ E-commerce development and maintenance
- ❑ Develop web applications based on JavaScript/ PHP/ Python/

[FulfillmentAPI](#)

WHAT I'M PROUD OF

❖ My courage

To always leave my comfort zone. I'm not afraid to do whatever I need to do to achieve my goals!

❖ My Focus & Persistence

Despite any hard situation, I keep my focus on my goals and always move towards them.

❖ My Flexibility & Adaptability

I've left a small village to live in Mohali, a megacity with a million people, and I didn't have any problem with that. Then I left my home to live in a rented apartment and I'm doing well.

MY LIFE PHILOSOPHY

You are the author of your own life.

EXPERIENCE

Web Developer

CS Infotech

5/2013 - 1/2015

It was a software and product based company. I was working collaborating with other developers and agencies.
