GIASUDDIN ANSARI

Full Stack, .Net, C#, MVC, .Net Core, React JS, Azure, Microservices

Full stack software developer with over 10 years of experience contributing to the end-to-end product development lifecycle, resulting in the successful launch of multiple applications. A dedicated team player with exceptional communication and interpersonal skills, adept at collaborating with cross-functional teams. Possesses a strong ability to work independently under pressure while consistently delivering high-quality solutions.

EXPERIENCE

TECHNOLOGY SPECIALIST

Jul 2022 – 15-Jan-2024

COFORGE LIMITED– NOIDA, INDIA

CLIENT: ***, UAE

My current role entails working as a full-stack developer responsible for migrating & maintaining a legacy application to the latest technologies and architectural framework.

Major accomplishments:

- I had the opportunity to visit the client's location and collaborate with their team for three months, which allowed me to gain a deeper understanding of the project.
- I successfully migrated two modules of the application to the latest technology stack, ensuring a smooth transition and improved functionality.
- I received appreciation and positive feedback from the client for the successful migration and the enhanced performance of the modules.
- I actively collaborated with other Agile teams and vendors, fostering a synergistic environment, and ensuring seamless integration throughout the project.

PROJECT LEADER

Apr 2021 – Jul 2022

R SYSTEMS INTERNATIONAL– NOIDA, INDIA

CLIENT: ***, CANADA

Successfully modernized and assumed responsibility for a legacy application by migrating it to the latest technology and infrastructure.

Collaborated as a valuable member of a global development team, adhering to an agile development approach while implementing industry best practices and standards.

Major accomplishments:

- Transformed a monolithic application into cloud-hosted microservices, enhancing scalability and performance.
- Consistently delivered top-notch software solutions that exceeded program benchmarks.
- Fostered effective collaboration within a cross-functional team, actively contributing to continuous improvements.
- Leveraged Scrum and Test-Driven Development methodologies to drive efficient development processes.

TEAM LEAD - PRODUCT

01 Apr 2020 – Apr 2021

PCS INFINITY PVT LTD – NOIDA, INDIA

VARIOUS CLIENTS

Overall, my role as a Team Lead at Asset Infinity involved effectively managing a team, ensuring successful project execution, providing technical guidance, fostering collaboration, and driving continuous improvement to deliver high-quality software solutions.

Major accomplishments:

- Led a team of developers, providing guidance, mentorship, and support.
- Assigned tasks, monitored progress, and ensured timely delivery of projects.
- Conducted regular performance evaluations and provided feedback to team members.

Server

- Participated in project planning sessions, collaborating with stakeholders to define project scope, goals, and deliverables.
- Collaborated with diverse cross-functional teams, including product managers, designers, QA engineers, and stakeholders, to conduct product demos and facilitate in-depth discussions. This collaborative effort aimed to gather comprehensive requirements and define precise project specifications.
- Actively participated in meetings, providing updates, progress reports, and addressing any concerns or challenges.

MANAGER IT

Apr 2017 – Mar 2020

IFFCO KISAN SANCHAR LIMITED – DELHI, INDIA

Dec 2015 – Mar 2017

(08-Dec-2015 to 31-Mar-2017 on Payroll of PcsInfinity Pvt Ltd)

As the Tech Lead for the enterprise product "Am-Pro," my role involved closely collaborating with the sales team to gather requirements and ensure alignment with customer needs. Additionally, I actively contributed to the product demo team, showcasing the capabilities of "Am-Pro" to clients. Furthermore, I played a vital role in driving product enhancement and improvement initiatives, leveraging my expertise to identify areas for enhancement and implement effective solutions.

Major accomplishments:

- Effectively managed and led a team, providing guidance, mentorship, and support.
- Led the requirement gathering and analysis process, ensuring a comprehensive understanding of customer needs.
- Actively participated in technical discussions, contributing expertise and insights to shape product decisions.
- Successfully digitized the company's day-to-day processes, streamlining operations and maximizing productivity.
- Developed solutions that simplified complex business processes related to sales and HR, improving efficiency and effectiveness.
- Received appreciation letter from clients for providing innovative solutions that addressed critical business challenges.

SOFTWARE DEVELOPER

Mar 2012 – Dec 2015

PRIMADIGI SOLUTIONS PVT LTD – DELHI, INDIA

Developed cutting-edge applications using .NET technology, MS SQL, and jQuery to fulfill the unique requirements of clients from both private and public sectors.

Major accomplishments:

- Demonstrated a strong commitment to continuous learning, keeping up with industry trends and emerging technologies.
- Successfully developed an HR Portal, providing efficient management and automation of HR processes.
- Created a visiting card printing web application, enabling users to design and print customized visiting cards.
- Seamlessly integrated applications with various external systems and databases, ensuring smooth data flow and interoperability.
