## SUMMARY

I build scalable, resilient software architectures and APIs that drive efficiency for fintech, public sector, and international clients. With a passion for mentorship and technical leadership, I empower teams and develop solutions that automate complex processes and deliver tangible results.

## EXPERIENCE

5+ Years

### ❖ Sr Software Engineer | Sanad Cash Inc (OCT'23 - Current)

Architected and implemented Fintech APIs for Zoho Books and ANB, improving data integration and operational efficiency for KSA banking systems— C#, .NET 7, Web API, Postman, Architecture Design.

### ❖ Sr Software Engineer | Cinnova Technologies (NOV'22 – OCT'23)

Collaborated with USA clients, adding new features and resolving critical bugs across various technology stacks. Improved system functionality leading to a 20% increase in user satisfaction and system stability – C#, .NET 6, Angular 14, SQL.

### ❖ Senior Consultant | Abacus Consulting (NOV'19 – NOV'22)

Led the automation of budgeting, schemes, and planning processes for the Baluchistan province. Reduced manual overhead by 40% and improving data accuracy for provincial planning commission projects – C#, .NET 3.1, Angular 14, SQL, Ant Design, JavaScript, HTML

## PROJECTS

- ❖ **Zoho Books** – Integrated Zoho Books with custom-built Web APIs, enabling seamless financial data management for KSA's public sector – C#, .NET 7, Web API.
- ❖ **Arab National Bank** - Engineered a high-performance Web API, ensuring smooth integration with core banking systems – C#, .NET 7, Web API.
- ❖ **Paymentology** – Integrated the Paymentology API to streamline credit card creation and pay secure operations – C#, .NET 7, Web API.
- ❖ **Public Sector Development Program** – Architected a comprehensive Web API and Angular application to automate the provincial budgeting and planning – C#, .NET 3.1, Web API, Angular 14, SQL.

## SKILLS

- ❖ .NET Core (Web API, MVC)
- ❖ .NET (Web API, MVC)
- ❖ HTML, CSS, JavaScript
- ❖ SQL Server/Postgre SQL
- ❖ Angular(14,17), Bootstrap, Ant Design
- ❖ Azure Services, Git and Azure DevOps

## EDUCATION

- ❖ BS Software Engineering CGPA: 2.9 | (OCT'15-JUL'19)  
FCIT | University of Punjab, Lahore (ex PUCIT)
