EXPERIENCE

Full Stack Engineer (Frontend-leaning)

May 2024 - present

Clever Compliance AB

- Contributing to the development of a cutting-edge website using Next.js for front-end functionality, as well as integrating the backend of the company website with the frontend, creating a seamless login experience and building both frontend and backend for the blog.
- Additionally, working on developing the Compliance Software hub frontend and enhancing the company's product compliance and CE marking platform as part of a dynamic, small team.
- Applying theoretical knowledge in a practical setting, learning from award-winning mentors, and supporting the development of an AI-driven compliance management system designed to streamline regulatory processes globally.
- Gaining hands-on experience in a startup environment, which challenges my technical skills and offers substantial professional growth within an innovative tech landscape.

Web Developer

Oct 2023 - Apr 2024

Freelance

- Consulted with clients to align website designs with their business goals.
- Developed responsive, user-friendly websites using the latest technologies.
- Implemented SEO strategies to improve online visibility and engagement.
- Maintained and updated websites to ensure functionality and security.
- Stayed updated with web design trends and continuously refined skills.
- Managed projects from conception to launch, ensuring quality and client satisfaction.

Quality Assurance Tester

Feb 2021 - Oct 2023

Testbirds GmbH

- Conducted 1-3 monthly tests focusing on the quality evaluation of websites, mobile/web apps, and games.
- Performed detailed UX/UI testing to identify usability issues and provided actionable feedback for enhancements.
- Employed various testing methodologies to assess UI design, UX, functionality, and performance.
- Collaborated with development teams to communicate findings, aiding in product refinement and user satisfaction.
- Stayed updated with UX/UI design trends and testing techniques to ensure high-quality and consistent results.

IT Support Specialist

Dec 2020 - Oct 2023

Sea Jay Media Digital Marketing LLC

- Ensured technical excellence by addressing and resolving IT-related challenges, maintaining seamless operations.
- Expanded skill set through immersion in social media management, demonstrating adaptability and a keen understanding of user engagement.
- Enhanced visual content with photo and video editing skills, showcasing an eye for detail and aesthetics.

Search Engine Evaluator/Auditor

Jan 2021 - May 2023

Appen Global

- Conducted detailed analysis and evaluation of search results for a major e-commerce platform, ensuring accuracy and relevance.
- Achieved and maintained over 99% accuracy rate; promoted to Auditor for exceptional performance.
- Led quality assurance reviews and collaborated with a global team to enhance search engine efficiency and user experience.
- Gained in-depth understanding of search algorithms, contributing to a more intuitive and user-friendly search experience.

Restaurant Manager

May 2011 - Nov 2020

Barolo Espresso & Wine Bar

- Led & Collaborated: Managed a diverse team, ensuring effective communication and collaboration.
- Problem-Solved & Adapted: Tackled daily challenges with agility.
- Managed projects & time: Oversaw events and promotions with precision.

EDUCATION

High-School

2011

Heraklion School of Science
