# Sunil Solanki

IT Consultant | Custom Software Development & Database  
Architecture | Freelance Marketplaces  
Jaipur, Rajasthan, India

## Summary

Senior Full-Stack Developer | WordPress & PHP Expert | Microsoft MVP With 11+ years of experience in full-stack development, database architecture, and quality assurance, I specialize in building high-performance web applications and scalable solutions. My expertise spans across PHP, WordPress, SQL, and modern web technologies, helping businesses enhance efficiency, automate workflows, and drive growth.

### What I Bring to the Table:

# Certified Microsoft MVP – Recognized for technical excellence and community contributions.

# Expert in PHP & WordPress – Crafting custom themes, plugins, and API integrations.

# Database & QA Testing – Ensuring performance, security, and reliability.

# Agile & Offshore Development – Delivering scalable solutions for clients in USA, UK, Canada, and Australia.

# Innovator & Problem Solver – Passionate about developing and sharing new tools, dashboards, and automation solutions.

### Let's Connect!

I love collaborating with visionary teams and businesses looking to scale their digital presence. Whether it's custom software, API development, or optimizing an existing system, let's build something game-changing together!

Open to networking, consulting, and new opportunities.
