

Dmytro Sova

2D Animator, Motion Designer

I am a professional graphic and motion designer with 5 years of experience in design. During the past years, I provided design services for my clients on wide range of projects. I am very passionate about motion design type of work and that's why I really enjoy creating various types of animation. It can be to teach and guide, explain or bring attention. Good communication with the client is the most important for me. I always give a lot of attention to my clients and I try to make them as satisfied as possible.
