Professional Summary

Well, I really assume that anything in this world can be learnt just by putting your mind and heart towards it. Skills are something that are acquired by using these two super powers. I really enjoy doing challenging tasks which can be proved by accomplishing them rather than just writing it here. Once, I worked as an intern at Hyundai as a technical associate that part of internship was encouraging and changed my vision towards life.

Employment history

Associate, Sutherland. Hyderabad, Telangana

Aug. 2019 – Apr. 2020
