DIGITAL MARKETING SERVICES

1

SOCIAL MEDIA MARKETING

Social media marketing is a form of internet marketing that implements various social media networks to achieve marketing communication and branding goals. It is simply online advertising of products on Social Media.

2

SOCIAL MEDIA MANAGING

Social media managing primarily covers activities involving social media i.e. posting, sharing of content for marketing purposes, as well as responding to messages & comments in a unique way to get audience interest.

3

SOCIAL MEDIA CREATION

When it comes to social media managing/marketing graphic design is a decisive part of an overall content strategy. Social Media Creation is working on visual materials based on business model & marketing strategy.

4

SEARCH ENGINE OPTIMIZATION

Search Engine Optimization Service is all about content, uniqueness and being relevant to business. The more appropriate your content according to audience the more likely they would be busy with your website.

5

SEARCH ENGINE MARKETING

SEM stands for Search Engine Marketing is a digital marketing strategy used to enhance the visibility of a site in search engine results pages (SERPs). It is the practice of marketing a business using paid advertisements.

6

APP STORE OPTIMIZATION

App Store Optimization is simply ranking your app on Google Play Store and App Store through relevant and unique keywords, tags, short and long description and most importantly the app should have a unique name to be search on.

7

BUSINESS BLOGGING

Business Blogging is the most appropriate and beneficial way to get audience and increase your conversion rate. It contains articles about services, products so after getting ranked on Google these articles get traffic to your site.

GRAPHIC DESIGNING SERVICES

1

Brand Logo Design

A logo is a graphic mark, symbol or stylized name used to identify a company, organization, product, or brand.

It represent a stylized version of the company's name if it has sufficient brand recognition.

2

Stationery Design

Branded stationery gives you the opportunity to make an excellent first impression and show off your professionalism.

Stationery design usually consists of paper, letterheads, writing equipment, business cards etc.

3

Brand/Business Branding

Corporate branding helps customers relate to a business and identify a wide range of product offers over time. Effective branding minimizes the need for large marketing initiatives for every new product as customer has pre-understanding.

4

Flyers/Brochures Design

Flyer is used to get your customers to take a specific, desired action. Just as with your other sales and marketing efforts, your intention is to help your target recognize that they have a problem in need of a solution.

5

Social Media Design

When it comes to social media graphic design is a decisive part of an overall content strategy. Social Media designing is working on visual materials based on business model & marketing strategy to interact with audience.

6

UI/UX Design

UI/UX is the designing of each screen or page with which a user interacts. The goal of UI design is to make digital interaction as simple, intuitive and efficient as possible. Good UX design helps your business keep your users for long time.

7

Car/Vehicle Wrap Design

Expand Your Audience Depending on how often you drive. Wrapping your car will provide many benefits for you and your business. Vehicle Wraps are now becoming the preferred method of advertising for business owners.

SOME CLIENTS TESTIMONIALS

ALI RAZA
CEO OF ITECEXPERTS

I hired Code Prisma Services. They are professional, Innovative and awesome. Highly recommended by ItecExperts

WAHID EL YANDOUZI
FOUNDER OF EDIA STUDIO

Code Prisma is one of the most experienced Digital Marketing company I have ever worked with. They takes direction and feedback and goes above and beyond what is asked of them. They worked on my apps and now my apps are ranking on top 5 on almost all the keywords that I mentioned plus they added extra and relevant keywords too. Their work just keeps getting better and better. I would recommend Code Prisma to any person looking to work with a quality freelance Digital Marketers & App Store Optimizers.

FAISAL KHAN
