Professional Experience

VGD Technologies – Full-Stack Developer

May 2025 – Present

Ahmedabad, India

- Leading development of ERP and HR modules as a full-stack developer.
- Built responsive user interfaces using React.js, HTML5, and Tailwind CSS.
- Integrated frontend applications with backend services and APIs.
- Collaborated with cross-functional teams to deliver production-ready projects.
- Improved deployment workflows using Docker and AWS (EC2, S3).

VGD Technologies – Backend Developer

Apr 2024 – May 2025

Ahmedabad, India

- Designed and implemented RESTful APIs and GraphQL endpoints using Node.js and Express.js.
- Managed PostgreSQL, MongoDB, and MySQL databases with performance optimization.
- Handled backend modules for ERP and enterprise applications.
- Participated in Agile sprints, code reviews, and unit testing.

VGD Technologies – Junior Backend Developer

Sep 2023 – Apr 2024

Ahmedabad, India

- Completed intensive training in Node.js, Express.js, and MySQL.
- Contributed to backend modules under senior developer guidance.
- Assisted in debugging, testing, and bug fixes for production systems.
- Gained hands-on experience with Git/GitHub, Agile processes, and DevOps basics.

Projects

HRMS – Internal HR Management System

React, Node.js, PostgreSQL, MongoDB

- Developed a complete internal HRMS solution for VGD Technologies.
- Implemented modules for attendance tracking and document management.
- Enabled efficient employee data handling and HR process automation.

LMC (Legend Maritime Cargo)

Node.js, REST APIs, Databases

- Led end-to-end backend development for a logistics and maritime cargo platform.
- Built scalable REST APIs and managed database operations.
- Ensured performance and reliability for shipment tracking systems.

Fit2Flaunt – Dance & Fitness Learning Platform

React, Firebase, Customer.io

- Contributed to React web application development.
- Built Profile View, Community Section, and Explore Video Section.
- Implemented event tracking using Firebase Events, Customer.io, and Meta Pixel.
