E-commerce Pricing & Inventory Automation System

The e-commerce automation system not only allows online sellers to reduce on manpower & overhead costs, but also cuts down on the time to process updates on your online store while reducing the margin for errors.

MOBILE APPS

My Action Tracker (Beta)

URL: MyActionTracker.com

About: MyActionTracker (MAT) is an online website/app that allows you to track your “Actions”.

The app can be used to track any type of action. Whether you want to keep track of a fitness routine, a behavior or a habit.

MyActionTracker’s most typical use is for fitness and exercise particularly in keeping a record of one’s progress.

PROMISES, NOT EXAGGERATION

We understand how difficult it is to find a trustworthy partner to handle and manage your projects at a high level.

Your time is valuable. Don’t struggle with inexperienced design firms and solo freelancers with no track record and no guarantee of future support.

We value your time. We guarantee our work.

CLIENTS FEEDBACK

“Worked with them with an e-commerce site. They are easy to approach. Mr. Ferrer is easy to talk with and has a very wide understanding at his craft. He handles a very competent team. I think that's why our project was smoothly done.”

- Angelo Lopez (I.T. Coordinator, SmartPrintSupplies)

“Coming to Osomnimedia Web Design Studio was never a mistake. They exceed our expectation especially making the layout for our Roll-Up Banner Standee and Backdrop to be used in our exhibit. They gave us the modern and catchy design that really fits into our business.”

- Angel Bautista (Marketing Coordinator, Trust Management Center)

“I was looking for a label designer on the web specifically from Davao and I found OSOmnia, I sent them a message through FB and Mike responded. Overall experience was fulfilling.”

- Gemma Ortigoza (Owner, Kamalig Drinking Water)
