We Softfix

Softfix Technology is a young company In (U.P.), India's Lucknow City. We Softfix Technology say we're young because we're peopled by young, energetic, curious and committed minds who are excited about solving complex business problems, ethically. Conceived with a vision to leave behind a legacy of transformed peoples as an organization, we place a high emphasis on working in partnership with customers.

We change to match you needs as we say we very well understand the consequences of this and we actually do this to satisfy our client needs Our professionals take the time to understand your business needs, suggest reengineering processes and develop appropriate, cost effective solutions Our experience has taught us that to provide any solutions; we need creativity and lots of inspired thinking, our experienced professionals along with the 'let-us-do-it' attitude of the fresh talent is constantly pushing the horizons Our values of Integrity, Service, Candor, Kindness, Growth and Continually Increasing Competence govern our behavior towards all our stakeholders.

our journey

We Create differences

Lots of firms offer online marketing assistance. We view clients as partners, and our success is only measured by the success of our partners. So we put it all on the table in order to exceed expectations. We know each new project is a gamble, but there is no one we'd rather bet on than ourselves. At Softfix Technology, our culture matters. And it reflects in our work. Here, jobs are careers, not just a way to pay the bills. The finished product matters to us because it carries our name. Our staff is young, energetic and innovative, and we are never afraid to take risks in an effort to help our clients. Every member of our team is passionate about the programming, web as a communications medium as well as a marketplace. For every project, no matter how large or how small, we strive to not only meet your needs, but deliver a showcase in your field

WE ARE ON
Technology

E-COMMERCE

Softfix is capable to develop any type of e-commerce web as well as mobile application effectively. An e-commerce app lets you provide many value-added services to consumers. For example, Google Pay conducts gaming to engage and promote its payment solution through cleverly designed tasks. It is help to Create, promote, and manage your online store right in the Ecwid mobile app, and build your business from the palm of your hand.

WEB DEVELOPMENT

Softfix Technology is capable to develop and design effectively as well as qualitative and quantitative web services. Web development is the work involved in developing a Web site for the Internet or an intranet. Web development can range from developing a simple single static page of plain text to complex web applications, electronic businesses, and social network services.

APP DEVELOPMENT

Softfix Technology is capable to develop and design effectively as well as qualitative and quantitative mobile app services. The mobile app development industry is going through a transformative phase. With the advancement in micro-processing technologies, you will be able to run mobile applications on multiple platforms.
