

# RESUME

**Gurinder kaur**

**House No.#95,Green park colony,zirakpur,Distt.mohali**

**Contact No.: +918195893161**

**Email-Id:nishusaini794@gmail.com**

## OBJECTIVE

To obtain a position in a reputed organisation where I can maximise my management skills that can be used to increase company's profitability and provide quality assurance to employees.

## TRAINING AND PROJECTS

**Software Quality Assurance** training from **bebo technical Education Services (Chandigarh)**.

**PROJECT:** Alprus Software.

**ROLES AND RESPONSIBILITIES:** Worked on Bugzilla and TCMS. Writing Test cases, writing test reports, knowledge of bug life cycle and using Bugzilla as bug tracking tool. Performed functional Testing, Compatibility Testing, Performance Testing, UI Testing, Smoke Testing, Sanity Testing etc.

## PROFESSIONAL QUALIFICATION

B.Tech from Sri Sukhmani institute of Engineering & Technology, Derabassi ( Punjab Technical University)

## PROFESSIONAL Experience

Kindlebit Solutions Pvt.Ltd.--- Quality Assurance (Software Testing) – (November 2017 to March 2021)

## Experience / Project Details

Cps-Admin , Pos, Intac project, IEP Reports, Vision Perfect application , Geninsure website etc.

**Project:** Cps-Admin

**Domain:** Insurance

**Technology Used:** WPF, MVVM, SQL Server, Component Report.

Cps-Admin project is a Desktop application and it contains different companies (one too many databases depend on companies database table in which we are define the connection string- depend on login screen).

## POS (Point of Sale)

**Ease of use.** Look for software with a user-friendly graphical interface.

**Entry of sales information.** Most systems allow you to enter inventory codes either manually or automatically via a bar-code scanner. Once the inventory code is entered, the systems call up the standard or sales price, compute the price at multiple quantities and provide a running total. Many systems make it easy to enter sales manually when needed by letting you search for inventory codes based on a partial merchandise number, description, manufacturing code or vendor.

**Responsibilities:** Development, Testing, Debugging

**Environment:** ASP.Net C#, MS SQL server 2005, JavaScript, CSS, Ajax

## TECHNICAL SKILLS

- ⇒ 3.4 years of experience in Manual Testing.
- ⇒ Worked on Web Applications, Desktop Applications, Mobile Applications (Android & ios) and Websites.
- ⇒ Prepared Test cases, Test scenarios and Reporting bugs.
- ⇒ Performed various types of testing i.e Smoke Testing, Sanity Testing, Functional Testing, UI Testing, Regression Testing, Retesting, Stress Testing, Load Testing, Performance testing.
- ⇒ Knowledge of Jira, Trello and google drive.
