## PROFILE

"I'm Nabila, proud to hold a Master's degree in Information Technology from the University of Sargodha. During my academic tenure, I took the lead in crafting an e-commerce platform for Pinde Panjora Impex, a distinguished name in the garments industry. My passion extends across digital and physical domains, with a keen focus on web development and graphic design. I'm enthusiastic about channeling my expertise into a professional setting, ready to embark on a rewarding career journey."

## WORK EXPERIENCE

- "Volunteered as a teacher at **Alama Iqbal College** for a duration of six months."
- "I am actively freelancing as both a web developer and graphic designer, offering my services across multiple platforms including Fiverr, Workchest, and LinkedIn."

## OBJECTIVES

- "I seek a dynamic, supportive workplace to grow my skills through **challenging projects** and collaborative teams. Committed to continuous learning and seizing advancement opportunities, I aim to contribute to organizational success and evolve into an accomplished IT professional."
