ABOUT ME

I am working on Flutter front - end and backend for more then two years. Looking for opportunity to upgrade and use my skill in a developing environment

WORK EXPERIENCE

[10/11/2021 – 04/10/2022]

Flutter developer

Esols Technologies

City: Islamabad

Country: Pakistan

Joining Esols Technologies Innovations as a Flutter developer, I embraced the challenge of creating cross-platform mobile apps that pushed the boundaries of user engagement. My role involved collaborating with talented professionals to deliver high-quality products, and I took pride in being part of a company dedicated to pushing technological frontiers.

[10/11/2022 – Current]

Flutter developer

Fiver Freelancer

City: Islamabad

Country: Pakistan

As a Fiver Freelancer, I honed my Flutter development skills by crafting innovative mobile applications that seamlessly blended user-friendly interfaces with robust functionalities. Working closely with a dynamic team, I contributed to the success of projects by implementing cutting-edge features and ensuring optimal performance.

[12/11/2022 – Current]

Flutter developer

Power Now Technologies

City: islamabad

Country: Pakistan

As a Flutter developer at Power Now Technologies, I played a pivotal role in the creation of sleek and efficient mobile applications. Working in a collaborative environment, I not only met tight deadlines but also actively participated in problem-solving sessions, fostering an atmosphere of continuous improvement and innovation.

[20/03/2023 – 06/05/2023]

Financial Fusion

The Investment Fusion app is designed to help individual users manage their investments in different businesses. The app allows users to view their investment portfolio, track their profits and losses on a weekly and monthly basis, and make informed decisions about their investments. The app offers a user-friendly interface that makes it easy for users to invest in a diversified portfolio of businesses, minimizing the risk of losses and maximizing the chances of gains. Users can also receive personalized investment recommendations based on their investment goals and risk tolerance. One of the key features of Investment Fusion is its secure and reliable payment options, ensuring that

users' investments are processed seamlessly and efficiently. Overall, Investment Fusion is a powerful investment app that empowers users to manage their investments effectively and optimize their returns.

[22/02/2023 – 10/03/2023] **Site Scope**

Site scope is a useful mobile application that allows users to take pictures along with location information such as altitude, latitude, longitude, current time, plot number, reference, etc. This information can be helpful for users who need to document their location, such as construction workers, outdoor enthusiasts, or anyone who needs to keep track of their surroundings. The application allows users to save the photos in their custom gallery and share them with other apps if needed. With Site scope, users can quickly and easily document their location and capture important details about their surroundings, making it a valuable tool for a wide range of users.

[08/07/2022 – 06/10/2022] **Smart Retina**

Smart Retina is a powerful picture editing app that allows users to crop, resize, rotate, flip, and apply filters to their images. With its user-friendly interface, the app makes it easy for users to customize their images and achieve the desired look. One of the key features of Smart Retina is its custom secure gallery, which allows users to store their edited images and access them anytime. Users can delete and re-edit their images from the gallery, making it easy to manage and organize their pictures. The app is designed to work seamlessly on retina displays, providing users with high-quality images that look stunning on their devices. With Smart Retina, users can edit their photos like a pro, without the need for expensive software or advanced technical knowledge. Overall, Smart Retina is a reliable and efficient picture editing app that offers a range of features and tools to help users enhance their images and create stunning visuals.
