DataSpartan Technologies

Fintech Business Development Executive

August 2017 - July 2018 (1 year)

London, United Kingdom

DataSpartan is a group of recognised global experts in the areas of Artificial Intelligence, Data Science, Big Data Flow, Quantitative Research, High Performance Computing, Machine Learning and Risk Modelling.

We work with the world's leading talent, entrepreneurs, intrapreneurs, academics, researchers and technology providers. Our advanced knowledge and extensive experience equips us to confront and solve impossible problems without the necessity of large teams or stratospheric budgets.

We work at large scale, at high speed and at low cost. We research, design, build, implement and validate big data architecture, ML, AI and future

technologies to empower any organisation to realise their potential faster and more affordably than would be possible with their in-house capabilities alone.

DataSpartan Consultancy
