INTERNSHIPS

Director Of Graphic Designing
Rotaract Club Of Resilience, Delhi
Oct 2021 - Dec 2021

During this internship, I led a team of individuals to complete projects and organize events for the purpose to help us and others to foster leadership, public speaking, social, business, personal, and vocational skills, as well as cultural awareness

Campus Ambassador
Drivekraft, Virtual
Oct 2021 - Nov 2021

Drivekraft was dedicated to combating the most pressing issues concerning mental health. The Team's primary responsibilities included marketing, graphic design, social media content creation, and writing in order to attract as many people as possible

Campus Ambassador
Reskilll X Facebook SparkAR, Virtual
Sep 2021 - Present

Key responsibilities would include collaborating with their respective peer network to run the Spark AR Training Modules for their community audience, as well as executing community-based hackathons by collaborating with other campus ambassadors.

POSITIONS OF RESPONSIBILITY

Director of Graphic Design at the RAC Club of Resilience, a Delhi-based rotary club.

As a member of the Core Team of Clubs such as Ted, Varsity, EBSB, and Mosaic, I have organised many events with hundreds and thousands of active participants.

As the Co-Head of Design at EBSB Club SIT Pune, I am currently in charge of a team of over 70 people.

TRAININGS	**English For Business Networking**

English For Business Networking

University of Washington, Online

Dec 2021 - Dec 2021

Networking is essential for job seekers, those changing or entering careers, entrepreneurs, and people in all fields of business. This four-course, 16-week programme teaches students English grammar and vocabulary in order for them to identify and expand their social networks. To strengthen their job skills, learners will explore their current network, write emails, create a "elevator speech," prepare for and attend a networking event, and conduct informational interviews.

Data Science

Harvardx, Online

Jun 2021 - Dec 2021

The HarvardX Data Science program prepares us with the necessary knowledge base and useful skills to tackle real-world data analysis challenges. The program covers concepts such as probability, inference, regression, and machine learning and helps you develop an essential skill set that includes R programming, data wrangling with dplyr, data visualization with ggplot2, file organization with Unix/Linux, version control with git and GitHub, and reproducible document preparation with RStudio.

Data Science

IBM, Online

Jun 2021 - Dec 2021

Data science and machine learning skills are still in high demand across industries, and the demand for data practitioners is on the rise. After completing this Professional Certificate programme, you will have the knowledge and experience needed to launch a career in data science and machine learning. You will create a portfolio using real data science tools, real-world problems and data sets, and hands-on assignments and high-quality instruction. Open source tools and libraries, methodologies, Python, databases, SQL, data visualisation, data analysis, and machine learning will all be covered in the curriculum.

PROJECTS

Social Media Handle

Oct 2021 - Nov 2021

https://www.instagram.com/rotaractclubofresilience/

The profile you see in the link below was created by me and my team during the RAC Internship.

Social Media Post

Oct 2021 - Nov 2021

https://www.instagram.com/drivekraft/

During my Drivekraft internship, I designed and wrote many of the posts in this profile.
