LANGUAGES

English (Conversational)

Hindi (Native)

INTERESTS

- Web Development
- Problem Solving
- System Design
- Technology Trends

SKILLS

Languages: TypeScript, JavaScript, HTML, CSS

Frontend: React.js, Next.js, Tailwind CSS

Backend: Prisma, MongoDB, PostgreSQL, GraphQL

Version Control: Git

Other Tools: Redux Toolkit, React Hook Form, React Hot Toast, Monaco Editor, Cloudflare Workers, OpenAI API, Amazon S3

PROJECTS

FutureBuild

Job Portal, Resume Builder, and Coding Platform With AI Assistant.

Sep 2024

- Developed a multi-functional platform integrating AI for job search, resume creation, and coding practice.
- Implemented features like job posting, dynamic resume building with React-PDF, AI assistance, and real-time messaging.
- Technologies: Next.js 14, PostgreSQL, Prisma, Convex, OpenAI, Amazon S3, ShadCn, TypeScript, Upstash, Vercel KV, Monaco Editor, React Hook Form with Zod validations and Many More.

DevFlow (NEXT JS)

Advanced Q&A Platform

Nov 2023

- Built a Stack Overflow clone with features like asking and answering questions, user authentication, light/dark mode, and a robust user community.
- Integrated search and filtering, profile management, and upvote/downvote functionality.
- Technologies: Next.js 14, Clerk for authentication, Server Actions, MongoDB, ShadCn, TypeScript, Tailwind CSS.

Issue Tracker (NEXT JS)

Fullstack Issue Tracking App

Oct 2023

- Created a full-featured issue tracker for viewing, creating, assigning, and editing issues, with sorting, filtering, pagination, and statistics.
- Integrated NextAuth for user authentication and React Markdown for issue descriptions.
- Technologies: Next.js, Prisma, MongoDB, TypeScript, Radix UI, React Hook Form, React Hot Toast, Tailwind CSS, React Markdown Editor, NextAuth.

Pizza Ordering App (React JS)

Pizza Ordering System

Sep 2023

- Developed a pizza ordering application featuring a dynamic menu, order review, and order tracking system.
- Focused on state management using Redux Toolkit and API integration for real-time order management.
- Technologies: React, Redux Toolkit, Redux Thunk, React Router, API integration.
