Empowering Digital Transformation with Custom Software Solutions |  
COO at Primewayz Infotech | Founder at RentReadBuy  
Noida, Uttar Pradesh, India

## Summary

Starting from a passionate trainee to becoming a technology-driven professional, my 20+ years of experience in software development have equipped me with extensive expertise in JAVA and related technologies, along with broader technical and managerial skills.

Currently, I serve as the COO & Co-founder of Primewayz Infotech, a successful software development and digital marketing company established with my friend and business partner, Anand Vishawakarma. Together, we've grown Primewayz into a trusted provider, delivering custom software solutions to clients globally, enhancing their business through strategic digital transformation.

My professional journey includes deep experience in requirement analysis, project feasibility, and operational excellence, consistently driving successful outcomes and client satisfaction. This expertise has expanded my professional horizon, leading me to co-found RentReadBuy, an innovative and rapidly growing online book rental platform.

I'm continuously driven by curiosity, eager to embrace new opportunities, explore innovative ventures, and deliver exceptional results alongside our proficient IT team.

Let's connect and explore how we can work together to achieve your digital transformation goals!

---

## Experience

Primewayz
