

ABDUL GHANI

Flutter Developer | Native App Specialist

+92 3405401623 @ Ghaniappspk@gmail.com [linkedin.com](#) [Portfolio Google play](#) Sector J Dha II, Islamabad Pakistan

SUMMARY

Experienced Native Android Developer with 3+ years of expertise in Java, Kotlin, and Flutter. Proven in crafting high-quality mobile apps, optimizing performance, and ensuring broad device compatibility. Strong in problem-solving and dedicated to staying current with industry trends. Eager to innovate and deliver outstanding Android and cross-platform solutions with Flutter.

EXPERIENCE

Flutter Developer

Web Digital Innovation Inc

09/2024 - Present Remote, Milan, Italy

- Enhanced the customer experience by adding real-time shipping and tracking capabilities through the Shopify API, ensuring timely delivery updates.
- Developed custom Shopify apps to automate inventory updates and synchronize product data between the e-commerce platform and the mobile app.
- Enhanced Shopify storefronts with **custom UI/UX features**, improving user engagement and simplifying the online shopping journey.
- Managed and optimized the **Shopify store's product catalog**, ensuring accurate descriptions, images, and inventory across multiple sales channels.

Android Kotlin Developer

Apptisan Technologies

08/2024 - Present Remote, Xiamen, China

- Managed multiple app launches** on Google Play and the App Store, including buying, selling, and optimizing apps using Google Console and Apple Developer Console.
- Created an **email marketing app** with custom templates and scheduling features, enabling businesses to launch targeted campaigns and analyze results in real-time.
- Designed and developed an **APK manager app** for Android users to manage APK installations, updates, and backups, ensuring smooth app management.
- Led a successful closed testing phase for 3 apps, gathering valuable user feedback, which resulted in a 15% increase in app ratings post-launch.

Flutter Developer

FIVE G SOFT (PVT) LTD

08/2024 - 12/2024 On-site, Dha II, Islamabad Pakistan

- Developed and maintained a user-friendly mobile application for airport parking services, optimizing the booking process for travelers.
- Integrated custom APIs for parking space availability updates and booking management, ensuring a smooth user experience.
- Led the design and implementation of a seamless payment system within the app, supporting multiple stripe or paypal.
- Worked with Firebase Cloud Messaging (FCM) to send real-time notifications to users about parking space availability and payment status.
- Managed API integrations between the parking app and external airport systems, ensuring accurate space occupancy data.

EDUCATION

INTERMEDIATE IN COMPUTER SCIENCE

Allama Iqbal Open University (AIU)

02/2024 - Present Bahawalpur, Pakistan

PROJECTS

Parking Zone - Airport Parking

Finding Your Premier Deals on Airport Parking .our years of trust have established us as the UK's most reliable airport parking provider.
