

# Mansi Mistry

*Hybrid Mobile App Developer / Front-End Specialist*

Surat, Gujarat, India

## Professional Summary

Innovative and detail-oriented Hybrid Mobile App Developer with a strong foundation in building cross-platform applications using **Ionic-Angular**, **Ionic React**, and **Ionic Vue**. Proficient in integrating **Capacitor** and **Cordova** to enhance app functionality. Adept at crafting visually appealing and user-friendly interfaces, ensuring optimal user experiences. Committed to delivering high-performing, bug-free applications that drive business success.

---

## Core Competencies

- **Front-End Development:** Expertise in Ionic components and custom UI/UX designs.
  - **API Integration:** Seamless integration with Node.js, Socket.io, Redis, Express, and .NET Core.
  - **Map & GPS Integration:** Implementing GPS-based user navigation and real-time tracking.
  - **Payment Systems:** Integration of payment gateways like Stripe and Braintree; handling in-app purchases for e-commerce platforms.
  - **Push Notifications:** Utilizing Firebase and Firestore for real-time user engagement.
  - **App Deployment:** Proficient in App Store & Google Play submissions, including TestFlight and Diawi.
  - **Native Plugin Development:** Leveraging Capacitor for native functionalities and Cordova for extensive plugin support.
  - **Progressive Web Apps (PWA):** Development of PWAs for enhanced accessibility and performance.
  - **Real-Time Data Sync:** Implementing WebSockets for instantaneous data synchronization.
  - **Social Media Integration:** Connecting apps with platforms like Facebook, Twitter, and Google.
  - **Performance Optimization:** Ensuring faster load times and smooth user experiences.
  - **Custom Animations:** Creating engaging animations and transitions to enhance UX.
- 

## Technical Skills

- **Languages:** JavaScript, TypeScript, HTML5, CSS3, SCSS
  - **Frameworks/Libraries:** Ionic Framework (Angular, React, Vue), Node.js, Express.js
  - **Databases:** Firebase, Firestore, MongoDB, Redis
  - **Tools & Platforms:** Git, Postman, VS Code, Android Studio, Xcode
  - **Deployment:** App Store Connect, Google Play Console, TestFlight, Diawi
- 

## Professional Experience

### Hybrid Mobile App Developer

Developed and deployed multiple cross-platform mobile applications tailored to client specifications.

- Collaborated with clients to design intuitive user interfaces and seamless user experiences.
  - Integrated various APIs and third-party services to enhance app functionalities.
  - Ensured timely delivery of projects, maintaining high standards of quality and performance.
- 

## Education

### Bachelor of Engineering in Computer Science

L.D. College of Engineering, Gujarat

## Certifications

- Certified Ionic Developer

## Projects

### E-Commerce Mobile App

- Developed a cross-platform e-commerce application with integrated payment gateways and real-time inventory management.

### Real-Time Navigation App

- Created a GPS-based navigation app featuring real-time tracking and route optimization.

### Social Networking Platform

- Built a social media application with features like real-time chat, push notifications, and social media integrations.
