Al Razzaque Villas, Main Medhali Road, Sahiwal, Punjab, Pakistan  
arhamali.dev@gmail.com | +92-321-1051323 | [LinkedIn](#) | [Portfolio](#)

## PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building **high-performance, responsive web applications** using React.js, Next.js, Vue.js, TypeScript, HTML, and CSS. Skilled in **component-based architecture, real-time data handling, API integration, and responsive design**. Experienced in **Web3 development**, including wallet integration, blockchain interactions, and DeFi protocol implementations. Passionate about **performance optimization, scalable frontend architecture, and delivering high-quality user experiences**.

## TECHNICAL SKILLS

**Languages & Core:** JavaScript (ES6+), TypeScript, HTML5, CSS3, Responsive Web Design

**Frameworks & Libraries:** React.js, Next.js (App Router, SSR, SSG), Vue.js, Tailwind CSS, Bootstrap

**State & Performance:** Redux, Zustand, Component-Based Architecture, Webpack Optimization, Lazy Loading, Bundle Size Control

**Web3 & Blockchain:** Wallet integration (Wagmi, Web3Modal), Ethereum, BSC, Arbitrum, Solana basics, Smart Contract interactions, DeFi protocols

**Tools & Concepts:** Git & GitHub, REST API Integration, Figma/PSD to Code, Cross-Browser Compatibility, Frontend Performance Optimization

## PROFESSIONAL EXPERIENCE

### Frontend Developer — Project-Based Experience

(React.js | Next.js | Vue.js | Web3 / DeFi Integration)

- Developed **scalable, responsive web applications** handling real-time data using React.js and Next.js.
- Built **reusable, modular components** to improve maintainability and development speed.
- Converted Figma and PSD designs into **pixel-perfect UI components**.
- Implemented **interactive forms, dashboards, and data-driven UI elements**.
- Integrated **REST APIs and WebSocket connections** for dynamic, real-time content.
- Optimized frontend performance through **lazy loading, efficient rendering, and bundle size control**.
- Integrated **wallet connections and blockchain interactions** for Web3 projects (Ethereum, BSC, Arbitrum).
- Practiced **DeFi protocol integration** and transaction handling for demo projects.
- Ensured **cross-browser compatibility** and seamless responsiveness across mobile, tablet, and desktop.

## EDUCATION

Bachelor of Science in Economics

University of Sahiwal

October 2020 - October 2024

Sahiwal, Punjab, Pakistan

## KEY PROJECTS

## AlphaSoft360 — Company Portfolio Website

*Tech:* React.js, Tailwind CSS, REST APIs

- Built responsive corporate website showcasing services, projects, and team info.
- Developed reusable React components and integrated dynamic API content.
- Applied responsive design and performance optimizations for smooth UX.

<https://www.alphasoft360.org>

## Personal Portfolio Website

*Tech:* Next.js, React, Tailwind CSS

- Developed personal portfolio to showcase projects and skills.
- Implemented modern UI/UX patterns, responsive layouts, and smooth navigation.
- Deployed on Vercel with continuous deployment pipeline.

<https://personal-portfolio-pro.vercel.app>

## Front-end Practice Projects (Vue.js)

*Tech:* Vue.js, Tailwind CSS, JavaScript

- Built frontend components and practiced reactive state handling.
- Applied clean UI structure and responsive design principles.

## Web3 / Trading Frontend Demo (Optional)

*Tech:* React.js, Next.js, TypeScript, Web3Modal/Wagmi

- Integrated wallet connections, live price feeds, and DeFi protocol interactions.
- Built trading-style dashboards and portfolio trackers with real-time data.

## ADDITIONAL INFORMATION

---

### ADDITIONAL INFORMATION (Updated)

**Certifications:** React.js, Modern JavaScript Development, Responsive Web Design

**Languages:** English (Professional), Urdu (Native)

**Interests:** Frontend frameworks (React.js, Next.js, Vue.js), UI/UX design trends, Performance optimization, Continuous learning & real-world projects

### INTERESTS & LEARNING

Actively learning and improving skills in **React.js**, **Next.js**, **TypeScript**, frontend performance optimization, and modern UI/UX patterns through real-world projects and continuous practice.
