

RAJAN PRASAD

Dedicated Visual Content Specialist | Image Generation & Photo Restoration

Portfolio: <https://www.guru.com/freelancers/rprajan>

“Creating Images, Restoring Memories, Delivering Excellence”

Professional Summary

I am a **Visual Content Specialist** with extensive experience in **HD Image Generation, Stylization, and Photo Restoration**, blending **AI precision with Manual Image Editing** to deliver visuals that are both stunning and meaningful.

I specialize in:

- **Creating custom images from text prompts, concepts, themes, or selfies**
- **Stylizing visuals into cinematic, lifestyle, surreal, fantasy, or abstract themes**
- **Restoring and enhancing old, damaged, or faded photos with precision and care**

With a strong focus on **accuracy, consistency, and client needs**, I provide **dependable ongoing support** for both **short-term and long-term projects**, ensuring quality results every time.

Key Skills & Expertise

HD Image Generation & Stylization

- High-resolution visuals from text, ideas, themes or selfies
- Cinematic, lifestyle, fantasy, surreal, or abstract art styles
- Concept art for brands, campaigns, covers, and presentations
- Portraits, fantasy scenes, imaginative worlds
- Print-ready or digital formats

Photo Restoration & Enhancement

- Repair scratches, stains, fading, tears, and other damage
- Upscale and enhance low-resolution or blurred images
- Color correction and colorization
- Background cleanup, object removal, and composition fixes

Note: Face reference images are recommended for accurate restoration of photos containing faces.

Professional Experience

Freelance Visual Content Artist & Photo Editor

Self-employed | 2019–Present

- Generated hundreds of **custom images for marketing, publishing, personal projects, and social media** using text prompts and client ideas/selfies.
 - Designed **personalized visuals for branding, campaigns, and digital media** in multiple styles (fantasy, lifestyle, portraits, conceptual, & more).
 - **Restored and colorized** hundreds of old or damaged photos - removing defects, adding natural vibrancy, and preserving precious memories.
 - Combined advanced **AI tools (DALL·E, MidJourney, Remini)** with **manual photo editing (Photoshop, Lightroom)** to achieve natural and impactful results.
 - Provided reliable **ongoing support for individuals, small businesses, and creative professionals** worldwide, focusing on quality, creativity, and timely delivery.
-

Education

Bachelor of Arts

[Asutosh College, Calcutta University], [2014]
