PROFILE

I am a passionate and versatile writer, crafting compelling narratives and storytelling. My passion is to concoct stories around diagonally different themes. I love writing short and crisp articles that are bang on. My career has been built on a foundation of creativity, research excellence, and a deep understanding of audience psychology.

EXPREINCE AS A FREELANCE WRITER

- Ghostwriting a non-fiction on the socio-political & economic evolution of Bengal under different regimes for an Indian client.
- Ghostwriting a non-fiction book on 'Leadership' for a US-based client
- Concluded an assignment for a US-based client on Upwork, converting AI-written essays into Human-written essays.
- Please visit my [website](#) for my blog posts on different themes, including Life journey, marketing, health & fitness, Ayurveda, daily prompts, and many more.
- My work as a published author:
 - A science fiction based on Time Travel interwoven with the Indus Valley Civilization, one of the oldest human civilizations on earth. It is available on [Amazon](#).
 - A fiction based on the recent Out of Africa migration of human evolution. It was published on KDP and is available on [Amazon](#).
 - There are 3 short stories published in different anthologies
 - A memoir of my experience in a tribal area
 - A triple murder mystery
 - The story of a druglord's daughter inheriting her father's reign
