PROFESSIONAL SUMMARY

Dynamic healthcare leader with 30+ years of experience spanning public health program management, allied healthcare education, and community outreach. Currently serving as an Allied healthcare Manager at Indian Medical Association (IMA) Headquarters, overseeing allied health professional certification and institutional accreditation for hospitals and paramedical institutes across India. Proven track record of designing and executing large-scale public health campaigns — including Pulse Polio, cardiac screening, blood donation drives, HIV/AIDS awareness, and child sexual abuse prevention — in collaboration with UNICEF, government health departments, and community organisations.

A trained CPR instructor and supervisor of IMA's AMR Week session titled "Hand Hygiene: A Step Against AMR" supported by DETTOL.

Active TATA 1mg Healthcare Partner, conducting diagnostic health check-up camps and bridging grassroots health delivery with digital health platforms.

A strategic thinker and compassionate communicator with a rare ability to work across clinical, regulatory, policy, and community health dimensions.

KEY ACHIEVEMENTS & IMPACT

- Coordinated Pulse Polio Immunisation Campaigns as Area Coordinator, contributing to national polio eradication goals across designated zones (2000)
- Led Child Sexual Abuse Prevention & Response project in collaboration with UNICEF and IMA, training multidisciplinary teams including doctors, nurses, educators, and legal experts
- Conducted multiple health screening camps (cardiac, blood pressure, blood donation, diagnostic) reaching thousands of citizens across Delhi and surrounding regions
- Received prestigious awards including World Medical Association Silver Plate for outstanding contributions to public health
- Managed accreditation and quality compliance for hospitals and paramedical institutes as part of IMA's allied health oversight framework
- Active TATA 1mg Healthcare Partner — executing diagnostic health check-up camps and integrating digital health delivery with community outreach
- Supervised AMR Week session titled "Hand Hygiene: A Step Against AMR" organised by IMA and supported by DETTOL (2025)

WORK EXPERIENCE

Manager, Allied & Healthcare Department | Indian Medical Association (IMA) Headquarters, New Delhi | *Current*

Program Leadership & Community Health

- Spearheads public health campaigns and community wellness initiatives in coordination with government health departments, hospitals, and NGOs
- Coordinates health awareness drives including cardiac screening camps, blood donation drives, blood pressure monitoring, and diagnostic check-up camps as TATA 1mg healthcare partner
- Facilitates multi-stakeholder health outreach programs connecting IMA's national network with grassroots community health needs

Institutional Management & Accreditation

- Oversees admission and eligibility processes for paramedical and allied health professional programmes, ensuring compliance with national standards
- Manages examination scheduling, syllabus distribution, evaluator coordination, and result declaration for allied health certification programmes
- Handles accreditation requirements for paramedical institutes and hospitals; coordinates expert site visits and follow-up compliance monitoring

Stakeholder & Communication Management

- Maintains professional relationships with examiners, evaluators, institutions, and health professionals across India
- Utilises multi-channel communication (email, WhatsApp, online portals) to ensure timely, transparent updates to all stakeholders
- Applies project management tools to track deadlines, feedback mechanisms, and task completion across concurrent programmes

Technical Assistant — Child Sexual Abuse: Prevention & Response | Indian Medical Association / UNICEF Collaboration

- Coordinated state-level workshops on child sexual abuse prevention and response, ensuring alignment with global child protection standards set by UNICEF
- Managed multidisciplinary teams comprising nurses, doctors, educators, legal experts, and community leaders for holistic programme implementation
- Developed and delivered training curriculum on CSA prevention, response protocols, and stakeholder awareness
- Engaged community leaders and local organisations to promote awareness and establish sustainable prevention mechanisms
- Coordinated with national and international bodies (IMA, UNICEF) to implement evidence-based child protection strategies

CERTIFICATIONS & PUBLIC HEALTH PROGRAMMES

- Area Coordinator — Pulse Polio Immunisation Programme (2000) | Government of India / WHO Initiative
- National Clinical Training Programme for Counsellors of Torture Medicine (2001)
- International Quit & Win — Smoking Cessation Campaign (2006)
- CME on HIV Update — Indian Medical Association in collaboration with AIDS Society of India (2014)
- Cardiopulmonary Resuscitation (CPR) Training — trained healthcare professionals and community members in life-saving techniques (2014)
- Conference on Rural Health and Sustainable Development in India — Hotel Le Meridien, New Delhi (2016)
- Blood Donation Camp Volunteer (2018)
- AMR Week Session Supervisor — “Hand Hygiene: A Step Against AMR” | Organised by Indian Medical Association, supported by DETTOL (2025 – 2026)
