"Clean Design. Clear Results. Websites That Work for Your Business."

## PROFESSIONAL SUMMARY

I am a dedicated Wix and Squarespace website designer with over a year of hands-on experience helping businesses, startups, and personal brands build a credible and effective online presence. My work sits at the intersection of clean visual design and practical performance — I don't just make websites look good, I make sure they work well for the people who visit them. I have completed over 40 projects across different industries, ranging from service businesses and e-commerce stores to portfolios and landing pages. I am organized, communicative, and genuinely invested in the success of every project I take on.

## PROFESSIONAL EXPERIENCE

### Freelance Website Designer — Wix & Squarespace

Self-Employed | Remote | 2023 – Present

Working independently with clients across Nigeria and internationally, I design and deliver professional websites on Wix and Squarespace that are clean, functional, and tailored to each client's brand and goals. With over 40 completed projects, I have built a reputation for reliable delivery, thoughtful design, and clear communication from brief to launch.

- Designed and launched 40+ websites across industries including retail, services, hospitality, health, and creative fields.
- Built fully mobile-responsive websites ensuring consistent, high-quality experience across all screen sizes.
- Created targeted landing pages with clear calls-to-action, optimized to convert visitors into leads or customers.
- Performed comprehensive website audits and redesigns for clients seeking to modernize their existing online presence.
- Set up basic on-page SEO including meta tags, alt text, page titles, and URL structure for improved search visibility.
- Maintained proactive communication with clients throughout each project, providing updates and incorporating feedback efficiently.

- Managed multiple projects simultaneously while consistently meeting agreed timelines and quality standards.
