Alexandria, EG

Front-end developer specializing in Next.js and React for building fast, SEO-friendly web applications. Creating reusable components, integrating REST APIs, optimizing performance, and implementing responsive designs across multiple devices.

Work Experience

React developer

Mar 2019 - Apr 2020

Innosoft | Saudi Arabia

Redesigned parts of the website to improve user experience and accessibility.

Implemented UI features such as modals, sliders, and interactive forms.

Fixed UI bugs and ensured consistent design across all pages.

Front end developer

Mar 2017 - Mar 2018

Swiftfuture Ilc | Alexandria

Developed and maintained responsive web pages

Converted UI/UX designs from Figma into functional web interfaces.

Ensured websites were mobile-friendly and cross-browser compatible.

Optimized website performance and loading speed.

Collaborated with designers and back-end developers to integrate APIs and features.
