

Jeffrey Napoleon — JNOSTA

Graphic Designer | AI-Assisted Visual Creator | Digital Content Designer

Professional Summary

Creative graphic designer and digital content creator specializing in modern visual designs for social media, brands, and online platforms. Skilled in designing YouTube thumbnails, promotional flyers, posters, music cover art, and social media graphics. My workflow combines strong design principles, typography, and color composition with advanced AI-assisted creative tools to produce eye-catching and professional visuals. Passionate about helping brands and creators transform ideas into impactful designs that attract attention and communicate clearly online.
