## Nimra Minhas

Full Stack Developer

- 2+ years of experience
  - Specialized in
- Remote-friendly (GMT-5)
  - Responsive Layouts
  - UX/UI Design

## About Me

I'm a passionate full-stack developer dedicated to creating exceptional web experiences. I craft full-stack applications with a focus on accessibility, performance, and polished UI. My background includes building scalable web apps, mentoring teams, and collaborating closely with designers and product managers to ship delightful features.

With 2+ years of hands-on experience, I've developed a deep understanding of modern web technologies and best practices. I believe in writing clean, maintainable code and creating interfaces that users love to interact with. When I'm not coding, I enjoy learning new technologies and sharing knowledge with the community.

### Mission

Building digital solutions that make a difference in people's lives

### Passion

Creating seamless user experiences with cutting-edge technology

### Values

Clean code, accessibility, and continuous learning

### Quick Stats
