PROFILE

According to my motto, we don't grow when things are easy but we grow when we face challenges (Joyce Meyer). Hence, I believe that I have various skills to enhance the value of work if I have an opportunity to take this position.

WORK EXPERIENCE

- **Lineman (Thailand) Company Limited** JUL 2019 - AUG 2024
Senior android developer
 - The number one food delivery app in Thailand, developed by the early-stage team, worked on simplifying the food ordering process for users. This reduces the drop-off rate by around 10% for all users.
 - On the driver side, developed the insurance system, rain map features, and set up the UI testing and CI/CD system structure.
 - Streamline the rider registration flow from 5 screens to 1 to enhance satisfaction and onboard more riders faster.
- **QueQ, YMMY, LH Bank** JUN 2017 - JUL 2018
Android developer
 - Develop QueQ application for booking queues at restaurants and various other places.
 - Maintain LH Bank application. Large bank apps in Thailand, especially in the investment sector.
- **Global youth development institute** MAY 2013- JUN 2017
Fullstack developer
 - Work as project manager assistant to take responsible for MOU project in cooperation with Information Technology Faculty, Rungsit University. (Being responsible for developing application as database for organization's contact lists)
 - The first developer writes Android program to significantly develop organization's system.
 - Attended many courses and seminars related to Android
