EXPERIENCE

Frontend Developer Intern

Awaiken Technology | Rajkot

22-DEC-2026 - 22-APR 2026

- Developed responsive and modern websites using HTML5, CSS3, Bootstrap, and JavaScript.
- Converted Figma UI/UX designs into fully functional and pixel-perfect web pages.
- Built mobile-friendly layouts with clean design and optimized user experience.
- Created reusable UI components and interactive sections for better scalability.
- Followed modern web design standards and clean coding practices.

PROJECTS

Sundown Studio

APRIL 2025 - MAY 2025

Technologies: HTML5, CSS3, JavaScript

- Developed a responsive and visually appealing website for Sundown Studio using HTML5, CSS3, and JavaScript, focusing on a clean modern design and mobile-first user experience. Implemented reusable components, optimized images for better performance, and ensured smooth navigation across all devices. The project was fully tested and deployed as a production-ready website.
