Physics, BZU

PROFESSIONAL SUMMARY

Physics Teacher with 5 years of classroom teaching experience at KPS School, complemented by freelance work as an Amazon KDP specialist with published books and worksheets, a Canva-based graphic and logo designer, and an academic paper checker. Comfortable managing multiple responsibilities independently, with strong attention to detail and a dependable work ethic. Holds an MSc in Physics from Bahauddin Zakariya University (BZU), Multan, which supports strong analytical thinking and precision in both teaching and design work.

CORE SKILLS

- Amazon KDP: authoring, formatting & publishing own books and worksheets, cover coordination, metadata & keyword setup
- Canva Designing: social media graphics, book covers, marketing creatives
- Logo Designing: brand-ready logo concepts using Canva
- Paper Checking / Proofreading: reviewing academic and written content for errors, clarity, and consistency
- Strong attention to detail and analytical approach (MSc Physics background)
- Self-managed remote work across multiple ongoing projects

TEACHING EXPERIENCE

Physics Teacher | KPS School

5 Years

- Taught Physics to school-level students, covering core topics such as mechanics, electricity, and general science concepts.
- Planned and delivered lessons, prepared teaching materials, and assessed student understanding through tests and assignments.
- Supported students individually to strengthen conceptual understanding and exam preparation.

FREELANCE / ONLINE WORK

- Author and self-publish own books and worksheets on Amazon KDP, handling writing, formatting, and publishing.
- Design logos and graphics for clients using Canva, tailored to brand and project needs.
- Check and proofread academic papers and written documents for accuracy and quality.
- Work fully remotely, coordinating directly with clients online from start to finish.
